

Jadoo 2

AVAILABLE NOW

INTERNET TV BOX

Jadoo TV, a market leader, provides a simple box that connects with your TV and Internet to bring Live and On Demand entertainment content to your finger tips.

- Turns your TV into a Smart TV/ Internet TV.
- Jadoo 2 not only converts existing TV into Smart TV but also brings many of the available Internet TV and Internet VOD contents to the TV screen for ease of access.
- It is fully user programmable which allows user to add Internet TV channels and free Internet contents to their own box.
- Family members can view TV and VOD contents from their respective countries by using the Remote Control instead of navigating through the PC & NB.
- Comes with DLNA UPnP DMP(Play) which allows it to playback Video/Music/Pictures from your PC, NB, DLNA Server and NAS to the TV.
- Plays contents from USB Storage.
- Comes with Youtube and many pre-selected Youtube categories for ease of access.
- Share useful content you discover on Internet with Friends.
